Overview
Funda Wande is an influential not for profit program founded by the Allan Gray Orbis Foundation Endowment and donor partners. Working closely with government it aims to ensure that all children in South Africa can read for meaning (Literacy) in their home-language and calculate with confidence (Maths) by the age of 10. We develop video and print materials in all official South African languages to support teachers in the teaching of reading and maths in Grades R-3 in those languages.

The Role
Working closely with the Head of Maths you will be responsible for the development of high-quality maths teaching materials and supporting the provincial teams to successfully implement the Bala Wande programme. This will include:
- Contributing to all elements of the content development and learning design of the Bala Wande material for Foundation Phase teachers and learners
- Planning and delivery of FP content and methodology sessions for teachers.
- Assisting with the planning and management of Bala Wande implementation in the Eastern Cape.
- Training (and development of training) of Maths Specialist coaches to support the generalist coaches who observe and support the Maths programme in the participating schools.
- The successful candidate will have attention to detail, be a strong team player and display excellent facilitation skills.

Requirements
- Masters degree in Maths Education
- Deep knowledge of the mathematics curriculum, ideally Foundation Phase.
- Previous experience in training of maths methodology.
- Excellent writing skills (Maths lesson activities and learner material)

Location
Johannesburg with frequent travel to the Eastern Cape
Contract: One to two years with the possibility of renewal

Applications
To apply for the position please e-mail your CV and a 1-page motivation letter to recruitment@fundawande.org
Closing Date: 27 March 2020

If you have not heard back from us by the 10th of April, please consider your application unsuccessful.
