This integrated programme for Home Language and Life Skills was developed by a Funda Wande team, in collaboration with individuals from the curriculum directorates of the Department of Education in the Western Cape, Eastern Cape and Limpopo, academics and teachers.

The development of these books was made possible through the financial support of the Allan Gray Orbis Foundation Endowment, the FEM Education Foundation, the Michael & Susan Dell Foundation and the Zenex Foundation.

The Funde Wande programme is an integrated Home Language Literacy and Life Skills programme for learners from Grade 1-3 which is based on the CAPS curriculum. By following the programme, learners will learn to read and write for meaning and develop foundational general knowledge, skills and vocabulary. This will prepare them for higher grade and other language learning.

**Teachers Guide: What to teach**

There is a Teachers’ Guide for every term in each Foundation Phase grade. It is a day-by-day reference for busy teachers, to help with your planning, sequencing and assessment.

The guide outlines the content of each lesson – what to teach and in what sequence. A weekly timetable and a term plan are also provided. The Teachers’ Guide (TG) also provides suggested assessment activities at the end of each TG. The lessons and assessment activities are based on, and cover, the CAPS curriculum.

**Methodology Guide: How to teach**

A separate, overarching Methodology Guide (MG) gives guidelines on the routines as well as suggestions on how to teach each type of lesson in the Funda Wande programme. It can be used at the beginning of each term in training or when planning and anytime you want to check if you are following the lesson steps correctly and using the lesson optimally.

For each type of lesson, the MG explains:

1. the **purpose** of this type of lesson: why we teach these lessons
2. **progression** over three years: how the methodology and texts provided in the programme progress over the three grades to ensure learners are gaining more skills and knowledge
3. **methodology**: how to teach the lesson, in a clear, step-by-step sequence; the purpose of each step and any differences between the three grades are clarified
4. **differentiation**: how to deal with learners at different levels in this type of lesson
5. **Informal Assessment**: how to use this type of lesson to assess learners’ day-to-day progress
6. **Formal Assessment**: how to formally assess the skills and knowledge taught in this type of lesson each term, based on the CAPS curriculum

The MG is a reference book for all Foundation Phase teachers, Grade 1-3, to use together with the TG.

**Learner’s Activity Books and Big Books: What to teach with**

**Learners Activity Books (LABs)** contain the pages that are used by learners during the lessons. The pages are arranged in the same order as the activities in the TG’s. Learners complete some written activities in the LAB but they complete most longer written activities in an exercise book.

The **Big Books (BBs)** are designed to be used when learners are seated on the mat in Shared Reading and Life Skills lessons. They are available for all terms in Grade 1 and for terms 1 and 2 in Grade 2. The BB pages are also in the LAB.

Consolidation and revision
Weekly timetable [Sepedi and isiXhosa, including recovery]

Adjustments to instructional time for the DBE’s Learning Recovery Timetable are indicated in red. When using the Recovery Timetable, adjust the lesson plans as follows:

- Condense the two Visual Arts lessons into one lesson or leave one lesson out.
- Condense the two Performing Arts lessons into one or leave one lesson out.
- For Physical Education, continue to work with four activity stations, but rotate learners through them for two weeks.
- Once GGR groups have been established (Week 5), the additional GGR lessons can be used to repeat activities and strengthen skills taught during the week. Provide Independent Work activities from the DBE workbook or e-classroom.

Starting school

The purpose of this week is to introduce learners to the school environment and to the new routines and behaviours they will have to learn. These routines will ensure that school is a productive and happy place for learners, a place they look forward to coming to each day.

Suggested activities for week 1

There is no structured programme for this week. However, there are whole class Listening and Speaking, Reading and Writing activities which you can fit in every day as well as number activities in the Learner Activity Book which learners can work on while you are busy with administrative tasks.

NAMES AND GREETINGS

Make two nametags for each learner. Stick one on the desk where the learner will sit. Hand out the other to learners when they arrive. When greeting learners, get them to notice how their names are written.

Do simple oral activities with the class to identify the beginning sounds of learner’s names.

ESTABLISH ROUTINES

- Conduct a tour of the classroom, reading labels together.
- Establish these routines for classroom management, using positive reinforcement:
  - greetings (teacher, each other, principal)
  - lining up (do this in height order to start with to avoid pushing)
  - toilet and handwashing routines
  - health routines (sneezing, coughing, more handwashing)
  - playground routine (Where to play, when to come in, playing safely)
  - lunch routine (where to go, what to do)
  - listening to instructions (have a signal for Stop and Listen, such as chime on your phone)

How to teach any routine

<td>Use visuals if available. Keep it short and clear.</td>
<td>Ask a learner to assist.</td>
<td>Guide practise by giving instructions.</td>
<td>Let learners do it on their own.</td>
</tr>
</tbody>
</table>

Feedback:
Praise learners by naming what they are doing well. For example, “I like how Suzie is sitting with legs crossed and hands in lap. That helps us all to learn. Well done Suzie.”

STORY TIME

- Read Lazy Lunga (BB page 3-6) to the class on Day 1. Show the pictures and discuss details seen.
- Guide them to retell the story, using the pictures on Day 2. Gently introduce taking turns and hands up rules.
- Let them act out the story on Day 3.
- Recite action songs/rhymes learners know from Grade R or from home.
- Allow learners to read books from the reading corner or library.
LEARNER ACTIVITY BOOK ACTIVITIES

These activities can be done at any stage during the week.

DBE WORKBOOK ACTIVITIES

Learners can do activities from the Home Language and Life Skills DBE workbooks at any stage during the week.

INDOOR ACTIVITIES AND GAMES

Set activities on the desks before the learners come in in the morning so that they can begin working until you are ready to lead the class. The activities you choose will depend on the resources at your school. (The Grade R teacher may be able to lend you some equipment). You can put different resources on different groups of desks.

- crayons for drawing and paper for drawing on jigsaw puzzles
- objects for sorting into colours or shapes (bottle tops, lego)
- wool or pipe cleaners for threading through cardboard
- playdough or plasticine for modelling
- blocks or waste materials (for example, small boxes) for building
- slates and chalk for drawing

Make a scrapbook (see example page in Big Book page 2) with two pictures of objects that are linked in some way stuck on each page. Use the scrapbook to play games:
- **Memory:** Close book and see who remembers all the objects.
- **Choosing:** Do you like this or that?
- **Guessing:** This is yellow and nice to eat. What is it?
- **Comparing:** How are they the same? How are they different?

OUTDOOR ACTIVITIES AND GAMES

The learners will need lots of outdoor play initially. You will need to supervise them outside.

- running, or hopping races
- ball or beanbag catch and throw
- circle games (like cat and mouse)
- scavenger hunt (find one leaf, a little stone, a blade of grass, a piece of litter)
- obstacle course around the playground (Over the path, turn around, jump three times etc)
- follow my leader
- Simon says

First day of school

Thabo was so scared. It was the first day of school. He said to his mother, “I can’t read or write. Will they laugh at me when I go to school?”

Mother said, “Of course not. You will learn to read and write and do sums at school. That is why you go to school. But you have already learnt to do lots of things since you were a little baby. You have learnt to speak and listen. And you have learnt to walk, run, kick a ball, jump very high and hop.”

Thabo and his mom walked to school. Thabo was in his new school uniform. At the gate they saw all the children in the playground.
“Look at all those children doing different things”, said Thabo’s mother. “Thabo, can you hop like that girl over there? Or jump like that boy?”

“Of course I can”, said Thabo. “I can do lots of things. But I am going to learn to do lots more things now that I am school.”

“That’s right!” said Mom.

Just then a little girl with her father came to the gate.

“Hello”, said Thabo’s mom. “This is Thabo. This is his first day at school.”

“Hello”, said the girl’s father. “This is Lily. This is her first day of school too.”

“Maybe you two can go inside together”, said Mom.

Shyly Thabo said, “Hello Lily. My name is Thabo. Maybe we will be in the same class. Let’s go inside”.

And the two children walked through the school gates together.
MONDAY

WEEK 2 • ME

MORNING MEETING

News
Talk about what is News
• It is a report about something that happened recently.

Think
• Learners think about what news they can tell their granny about their first week at school.

Share
• Choose a few confident learners to share with the class. Respond and encourage details.

LISTENING AND SPEAKING

First day of school

On the mat
• Look at BB page 8 together.
• Talk about what is happening in the picture? (encourage learners to give details)
  – What can these learners do? (hop, jump, run, speak)
  – What can you do? (learners suggest a variety of activities)
• What did you do on your first day at school?

BEGINNING KNOWLEDGE AND PSWB

Shared Reading routine
• What must we do first? Next? After that? Last?

Model and practise the
Shared Reading routine
• Teach a Shared Reading song such as This is how we go to the mat...
• Direct groups to sit in rows. Every day, rotate who sits in the front row.
• As learners practice, praise correct actions.

PHONICS

The letter-sound X

Introduce the new letter
• Listen to and say the new sound. Notice the shape your mouth makes.
• Whose name starts with this sound? Whose name has the sound in it?
• Look at how the letter is written.

Identify words with the letter
• Focus on the key word on the top row. Teach an action to help learners associate the key word and the sound.
• Read the other words, focusing on the new letter sound.

Learners can provide more words with the letter.

Demonstrate the letter formation
• Use the information about the letter formation on MG pages 34-36.
• Learners trace the letters with your fingers and then with pencils, starting at the green dots.

Read the sentence slowly to learners
• Learners circle today’s letter in the sentence.
**MONDAY**

**HANDWRITING**  
**Big movements**  
- Sing or play the song about the letter.  
- Learners use big movements to form the letter taught in phonics – in the air, on the ground, with different media (see advice on MG pages 31-33).  
- Help learners describe their movements as they do this.

**INDEPENDENT WORK**  
**Introduce the Independent Work signal**  
- When you make the signal, learners stop still like a statue, return to their desks and get ready to work (they need their LAB and a sharp pencil).  
- Practise the routine and praise.

**First day of school**

**Before reading**
- Invite a few learners to share how they felt on the first day of school.

**After reading**
- Briefly explain highlighted vocabulary.
- Allow learners to respond to the story and say what they enjoyed about it or wondered about.
- If you have time, ask:
  - Can you introduce yourself like Thabo does?

Animals can dance

The animals are dancing in the African sun.

Lion is moving from side to side and clapping. **Sway**, sway, clap.
Sway, sway, clap.

*(Do the movements yourself and let the children join in. Repeat with all the animals.)*

Monkey is turning and twisting. Turn, turn **twist**. Turn, turn, twist.

**VOCABULARY**

- **sway**: move gently from side to side

- **twist**: turn part of your body around

Little Mouse is dancing on tiptoe. Swirl, swirl, point. Swirl, swirl point.

The rhino band is playing the music. Da da da da dum. Da da da da dum.

But giraffe isn’t dancing.

Lion sees Giraffe standing and watching. “Come and dance, Giraffe,” says Lion.

“I can’t dance,” says Giraffe. “The other animals will laugh at me.”

“Everybody can dance,” says Lion. “Maybe you haven’t found the right music.”

Lion calls to the Rhino band, “Play fast music for a giraffe.” So the band plays some fast giraffe music. La la la laa. La la la laa.

All the animals begin to sing. La la la laa. La la la laa.

Giraffe slowly begins to move her feet. She moves her feet up and down. Stamp, stamp, stamp. Then she sways her long neck from side to side, sway, sway, sway… and suddenly … she is dancing!

(Children can dance like giraffe.)

Everyone cheers.

“You see,” says Lion, “Everyone can dance. Just differently.”
MONDAY

MORNING MEETING  News

Form pairs
- Teach learners the think-pair-share routine for pair work (face each other, take turns to speak, speak softly, look at each other, listen respectfully).

Think
- What news do you want to tell you partner about what happened last weekend?

Pair
- Pairs tell each other their news, practising the routine.

Share
- Choose a few learners to share with the class.

READ-ALOUD STORY  Animals can dance

Before reading
- Look at picture on BB page 13.
- What animals do you see dancing? Who is not dancing?

Read the story aloud, with expression, movement, and sound effects
- Do not interrupt reading to explain or ask questions. The point is for learners to hear what good reading sounds like and to enjoy the story.

After reading
- Allow learners to respond to the story and say what they enjoyed about it or wondered about.

- Explain highlighted vocabulary
- If you have time, ask volunteers to show how:
  - the lion swayed and clapped.
  - the monkey turned and twisted.
  - the giraffe stamped and swayed.

BEGINNING KNOWLEDGE AND PSWB  Make a music shaker

Read and discuss BB page 12
- What is the heading/title?
- What do we need? Read the labels together. Discuss the pictures.
- Why are the ‘what to do’ steps numbered?

Prepare
- Make sure you have enough equipment to make 4 shakers to show the class and for each learner to make their own shaker tomorrow.

ABC PHONICS  The letter-sound X

Introduce the new sound
- Listen to and say the new sound. Notice the shape your mouth makes.

PERFORMING ARTS  
**Rhythmic clapping**
- Clap a rhythm. Learners copy.
- Add in stamping and clicking. Learners copy.

**PHONICS**

Hearing the end sound
- Learners cup their ears with their hands so that they can listen carefully.
- Say: Listen, listen, loud and clear, what’s the last sound that you hear?
- Teacher says 3 words ending in the same sound/syllable, for example: pen, spoon, win
- Say together: Tell me, tell me, what do you hear?
- Learners raise their hands. Teacher chooses someone to answer.
- Repeat with other sounds.
- End sounds are harder to hear than beginning sounds of words, so don’t be surprised if learners find this difficult at first. Try stretching the word out and saying it slowly, emphasising the end sound. Holding an elastic band and stretching it out as you say the word slowly will help some learners to hear the end sounds more easily.

**HANDWRITING**

- The Circle Game
Early in the morning, Teacher took all the learners outside. She drew a big **circle** in the sand with a stick. Then she said, “We are going to play the Circle Game today,” she said. “I would like you to stand around the edge of the circle. Then I will ask a question. You have to **choose** one answer. Only one.”

Teacher asked the first question: “Do you like dogs or do you like cats? All those who like dogs jump in the circle. **Look around** at who is with you. Jump back. Now, all those who like cats, jump in the circle. Look around. Jump back.” (Which would you choose, cats or dogs?)

Then Teacher asked other questions:

Do you like oranges or do you like apples? (Which would you choose?)

Do you like cake or do you like sweets? (Which would you choose?)
Do you like peanut butter or do you like jam? (Which would you choose?)

The learners had fun jumping in and out of the circle. At the end, Teacher said, “Now think about who was in the circle with you each time you made a choice.”

Thabo thought, “Every time I was in the circle, that new boy called Mamello was also in the circle.”

Then Teacher said, “Now think about your friends. Were they always in the circle at the same time as you?”

Themba thought, “Pretty and I are best friends but I was never in the circle with her.”

“So, what did you learn from this game?” asked Teacher.

Thabo said, “I learnt that maybe I can make some new friends in my class.” He was thinking of Mamello.

Themba said, “I learnt that you can be friends with someone even if you like different things.” She was thinking of her friend, Pretty.
**MORNING MEETING**  
**News**

Introduce the *My News* frame on the back cover of LAB

- Tell partner two ways they are the same.
- Tell about two ways they are different.
- As a class: What did we compare about the fruit?

**Week 5:** My friends and me
One day, Lion was walking along a path in the grass. He had just eaten his lunch and he was very full and happy. It had been raining and there were puddles on the path.

Suddenly he saw a little mouse struggling in a deep puddle of muddy water. The mouse was calling softly, “Help me. Help me. Please help me! I am drowning!”

Lion stopped and put his huge paw into the puddle. Mouse grabbed Lion’s paw with his own tiny paws and climbed out of the water. Lion put Mouse gently on dry ground.

Mouse was soaking wet and shivering. “Thank you for saving me, Lion,” he said. “The water was too deep for me. Maybe I will help you one day.”

Lion laughed. “You are welcome, Mouse. But you are too small and weak to ever help me.”
The next week, hunters came with big nets to trap the wild animals. Lion got caught in one of the nets. He struggled and struggled but he could not get free. He knew the hunters would capture him and take him to a zoo. Lion roared loudly, “Help me. Help me. Help me please! I am trapped in a net.”

Mouse heard Lion and ran to him. With his little sharp teeth, Mouse began to bite through the ropes of the net. Before long, Lion could free himself.

Lion was very happy. “Thank you, Mouse. I could not free myself and you saved me.”

From that day onwards, Lion and Mouse were best friends.

See lesson plan on page 50 for questions to ask.

capture: to trap or take something that doesn’t want to be trapped or taken

**Life Skills**
Freddie Frog was starting school the following week. But Freddie was sad. “I don’t want to go to school,” he told his brother, Simon.

“Everybody has to go to school,” said Simon, “to learn new things.”

“But I already know everything,” said Freddie. (Do you think he knows everything?)

“Umm… I don’t know,” said Freddie.

“And, who is the **president** of South Africa?” asked Simon.

“Umm… I don’t know,” said Freddie.

“And how do you write your name?” asked Simon.
“Umm I don't know,” said Freddie. “So, maybe I don't know everything. But I do know how to swim and catch flies.” *(Can you swim? Can you catch flies? Why can Freddie do them easily?)*

“Are you worried about school?” asked Simon.

“Yes, what if my teacher doesn't like frogs?”

“The teachers like all their animal learners, silly,” said Simon.

“And what if the other little frogs are not friendly?”

“Then you must be friendly to them. They will soon become your friends,” said Simon.

“And, what if I get hungry?”

“They will give you lunch at school. Or you can bring your own lunch in a lunchbox,” said Simon.

“Oh, and what if I get lost on my way to school?”

“You can walk with me. We will go together,” said Simon.

Simon said, “Everyone is a little scared when they start school. I was scared. But if you talk to someone when you feel scared, it helps you feel better.”

Freddie thought for a moment, “I think I will like school. And I am not scared anymore,” he said.

TEACHER’S WEEKLY REVIEW

This week, I have:
• responded to learner
• checked and corrected LAB pages and identified areas of concern or specific learners needing more assistance
• referred back to the Week Overview and identified any lesson I was not able to complete
• scanned my lap book and noted any learners needing additional one-to-one teaching time or individual reading practice with me next week.

I have scheduled a time next week for:
• any class catchup or general feedback that is needed
• individual, one-to-one teaching, e.g. when the class is busy, or early in the morning.

I have looked ahead to next week to ensure I am prepared and have all I need to start the week.

- Week 7: Colours
It was Bongani’s birthday. Early in the morning Mom woke her up and gave her a special hug. She said, “I can't believe you are seven today, Bongani. Seven years since you were born. Do you know, you were so tiny, I had to leave you in the hospital? But you were a strong baby and six weeks later the doctor said we could bring you home.”

“I remember how excited we were when fetched you in a taxi. We called you Bongani because we were so thankful. And now you are big, strong girl and already at school. I have a birthday surprise for you: tonight there will be something very special for supper!”

“Thank you, Mom,” said Bongani, rubbing her eyes sleepily.

Then her Mom said, “Bongani, I have woken you up early today so that you can go and help Gogo-Next-Door wash her steps. She is too old to bend down and she asked if you could help her.”

“I always help Gogo-Next-Door,” said Bongani. And she jumped out of bed, put on some old clothes, and went nextdoor.

“Hello Bongani,” said Gogo-Next-Door as she opened her back door. “Thank you for coming over. Here is the scrubbing brush, bucket, cloths and tin of polish. Please clean my front step very well because the Reverend is coming today.”
Bongani went to the front step and set to work, scrubbing every inch of the step as hard as she could. The water in the bucket became dark and she had to empty and refill it twice. Then, when it was **spotlessly** clean, she dried the step, and spread a little of the red polish from the tin onto the step. Finally, she rubbed and rubbed the red step until it was smooth and **shiny**.

When she had finished, she knocked on the back door and called, “I am finished Gogo-Next-Door. Here is your bucket. Now I must run to get dressed for school.” She turned to run back to her house.

“Wait. Not so fast Bongani,” called Gogo. “I have something for you.” Then Gogo handed Bongani a brand new box of crayons and a bag of her favourite fruit sweets.

Bongani was surprised. “Oh, thank you, Gogo-Next-Door,” said Bongani gratefully.

As she turned away she thought, this is going to be one of my best birthdays ever. I have crayons for school and sweets to share with Mom and my friends and I am still going to have a special surprise for supper.

TEACHER’S WEEKLY REVIEW

This week, I have:
- responded to learner
- checked and corrected LAB pages and identified areas of concern or specific learners needing more assistance
- referred back to the Week Overview and identified any lesson I was not able to complete
- scanned my lap book and noted any learners needing additional one-to-one teaching time or individual reading practice with me next week.

I have scheduled a time next week for:
- any class catchup or general feedback that is needed
- individual, one-to-one teaching, e.g. when the class is busy, or early in the morning.

I have looked ahead to next week to ensure I am prepared and have all I need to start the week.

Shared Reading
• Hare and Tortoise
Hare was always boasting about how fast he could run. He said, “I am the fastest animal in Africa! I can beat anybody in a race.”

Owl grew tired of Hare’s boasting. “Who will race Hare to see if he really is the fastest animal?” he said.

Tortoise was a humble animal but he was willing to try. “I am slow but I will race Hare,” he said.

Hare laughed. “I am much faster than you, Tortoise, I will easily beat you,” he said. He went home looking forward to winning the race the next day.

At home, Hare had supper and began to watch TV. He watched one programme, then another, then another. He forgot that we all need a good sleep each night. Owl saw Hare watching TV. “Go to sleep, Hare,” he called out. “You have a race tomorrow!” But Hare carried on watching. Finally, he fell asleep when it was very, very late and the moon was high up in the sky.

Meanwhile Tortoise had gone to bed early so that he would feel fresh the following day.
Early the next morning, Tortoise and a very sleepy Hare, were at the starting line. Owl began the race. He called, “On your marks, get set, go!”

Hare raced ahead and quickly left Tortoise far behind. He ran as fast as he could. Soon the sun was high up in the sky and it became hot. Hare began to feel very hot and drowsy. He hadn’t slept enough the night before! Then he saw a shady tree. He thought, “Tortoise is so far behind. He will never catch up! I will stop for a little nap.” He lay down in the shade and soon fell fast asleep.

Meanwhile Tortoise was moving slowly and steadily along the path. He walked and walked, hour after hour. He saw Hare lying fast asleep under the tree but Tortoise kept on walking without saying a word. By the time the sun was setting, he was almost at the finish line.

Just then, Hare woke up from his nap and saw that the sun was setting. He had slept for too long! He jumped up and raced as fast as he could to the finish line, just in time to see Tortoise win the race! He was very disappointed.

Mr Owl said, “Maybe this will teach you not to boast Tortoise. And to get a good night’s sleep eachnight.”
MONDAY

MORNING MEETING

News

Provide a topic
• Give learners a topic to tell news about.

Think
• What do you want to say about this topic.

Pair

Share
• Choose a few learners to share with the class.

READ-ALOUD STORY

Hare and Tortoise

Before reading
• Show the pictures in BB pages 38-41.
• What animals do you see? (Hare, Tortoise, Owl)
• Who will be the characters in the story?

Read the story aloud, with expression
• Use different voices for each character.
• Do not interrupt reading to explain or ask
  questions. The point is for learners to hear what
  good reading sounds like and to enjoy the story.

After reading
• Allow learners to respond to the story and say
  what they enjoyed about it or wondered about.
• Briefly explain highlighted vocabulary
• If you have time, ask
  – Why did Hare need a nap during the race?

BEGINNING KNOWLEDGE

A good night’s sleep

Discuss
• How did you feel when you woke
  up this morning? Did you want to
  keep sleeping? Were you ready
  for the day?
• Ask learners to show their energy
  level by either sitting on the floor
  (low energy), standing (in the
  middle), or standing with their
  hands in the air (fully recharged).
  Ask each group if they had a good
  night’s sleep.

Read the text to the learners.
• Discuss why we use bullet points
  in lists of facts, like on this page
  Use the opportunity to reinforce
  phonics taught so far.

After reading
• Pairs: Tell your partner about a
  time when you did not sleep well.
• Volunteers: Tell the class about
  what stopped you from sleeping
  well.
• Class discussion: What helps us
  sleep well? (a regular bedtime
  and waking-up time; a calming
  bedtime routine; sleeping with a
  soft toy or a special blanket.)

PHONICS

The letter-sound X

Revise sounds
• At a fast pace, show flashcards of
  letters already taught. Learners
  say the sound.

Introduce the new letter
• Listen to and say the new sound.

  makes.
• Whose name starts with this
  sound? Whose name has the
  sound in it?

• Focus on the key word on the
  top row. Teach an action to help
  learners associate the key word
  and the sound.

Read the other words, focussing on the new letter
sound.
• Learners can provide more words
  with the letter.

Demonstrate the letter formation
• Use the information about
  the letter formation on MG
  pages 34–36.
• Learners trace the letters with
  your fingers and then with
  pencils, starting at the green dots.

Read the sentence slowly to
learners
• Learners circle today’s letter in the
  sentence.

Shared Reading
• Time to get clean, Ezra
Long, long ago, when the Earth was new, the animals all looked a little different. At that time, elephants had short noses like lions and dogs. But they were still very big, and they weren’t afraid of the other animals. That is, except for one animal, and that was the giant, green crocodile. The giant, green crocodile hid in the brown water of the river and grabbed animals who came to the river to drink. (Can you show me how they grabbed?) Because of that, the elephants only went to drink at the river altogether, and only once a day, at sunset.

This story is about a baby elephant called Ellie. Ellie was a little bit naughty. He didn’t always listen to his mother. (Not like all of you, you listen to your mothers, don’t you?) Ellie’s mother kept telling him, “Ellie, listen to me to stay safe.”

“Yes Mom,” said Ellie. But he didn’t always do as he was told.

One day it was very hot. The sun beat down and made the elephants sleepy. Ellie saw that the older elephants were dozing in the sun with their eyes closed. So, he did something naughty. He went to the river by himself. (Should he have done that?)

The brown water was flowing silently. Ellie looked left and right but he couldn’t see the giant, green crocodile. “I’m sure it is safe,” he thought. (What do you think?) He bent down and began to drink. He had only taken one sip when saw something green in the water! He tried to pull his head out quickly but… too late! The giant, green crocodile had grabbed him by his nose. Oh no! Ellie pulled and pulled but the crocodile’s sharp teeth were clamped on tight.
Ellie shouted for help. “Help me, help me,” he cried. Luckily his mother heard him. She came rushing down to the river and saw what was happening. She tried to pull Ellie away but the crocodile hung on to his nose. The other elephants also came running down to the river and they all pulled together. They pulled and pulled and pulled and finally … the giant, green crocodile had to let go and Ellie was free!

But what had happened to Ellie’s nose? Oh dear! His nose had stretched. It had got so long that it touched the ground! Ellie sobbed, “Look at me, my nose is so long. Everyone will laugh at me.”

But the next day, Ellie found that a long nose was quite useful! He could use it to reach the high leaves and he could use it as a straw to drink with. Best of all he could use it to spray water all over his body. It was perfect for keeping cool. He was very happy with his new, long nose. He called it his trunk.

From that day onwards, baby elephants have all been born with long trunks that they use to eat and to drink and to keep cool.
MONDAY

Share  
• Choose a few learners to share with the class.  

**READ-ALOUD STORY**  
**First day of school**  
**Before reading**  
• Today our story is a folktale. Folktales are stories that have been told again and again, to teach a lesson or to explain why things are the way they are. They often have animals as characters. What do elephants look like? *(show a picture)*  

**Read the story aloud, with expression**  
• Use different voices for different characters.  

**BEGINNING KNOWLEDGE AND PSWB**

• Bring bowl/basin, glass of water, toothbrush and toothpaste to classroom.  

**Brushing teeth**  
• Demonstrate how to brush teeth, focusing on what to do first, second, third, finally.  

**Discuss**  
• Why is it good to clean your teeth? *(prevents tooth decay and losing teeth)*  
• How do you keep your teeth clean? *(brush teeth; rinse mouth with water; eat and drink fewer sugary things)*  

**Washing hands**  
• Read BB page 42 with the class.  

**Discuss**  
• Why is washing hands important?  
• Why are the pictures numbered?  
• Why must you scrub for 20 seconds?  
• Why do we switch off the tap after we have wet our hands?  

**KLE**  

**PHONICS**  
**The letter-sound X**  
**Introduce the new letter**  
• Listen to and say the new sound. Notice the shape your mouth makes.  
• Whose name starts with this sound? Whose name has the sound in it?  
• Look at how the letter is written.  

**Identify words with the letter**

• Read the other words, focussing on the new letter sound.  
• Learners can provide more words with the letter.  

**Demonstrate the letter formation**  
• Use the information about the letter formation on MG pages 34-36.  
• Learners trace the letters with your fingers and then with pencils, starting at the green dots.  

**Read the sentence slowly to learners**  
• Learners circle today’s letter in the sentence.
**MONDAY**
