Big Idea 1: What is Funda Wande?

Funda Wande is a not-for-profit organisation that aims to ensure that all learners in South Africa can read for meaning in their home language by the age of 10.

We develop video and print materials to train teachers how to teach reading for meaning in Grades R–3. All our materials are freely available and are Creative Commons licensed, so anyone can use them.

What is the Funda Wande intervention in the Eastern Cape?

In 2019 and 2020, Funda Wande is working together with the Eastern Cape Department of Education (ECDOE) to improve reading outcomes in isiXhosa in 30 schools by implementing the Funda Wande programme. We are working in ten schools in each of three districts: Sarah Baartman, Nelson Mandela Bay and Buffalo City. The Funda Wande programme consists of four elements:

1. In-classroom coaching and support

Our coaches are experts on teaching reading in isiXhosa home language. For every five schools, there is one coach who will visit teachers on a weekly basis for two years.

Coaches provide advice on how to teach reading effectively and how to use the materials provided, as well as answering teachers’ questions.

2. Lesson plans

The Funda Wande lesson plans provide a day-by-day guide on how to teach reading for meaning, using the resources in the Funda Wande box.

For each day, there is a two-page guide that has information on:

- resources needed
- preparation needed
- objectives for the lesson
- a step-by-step guide on how to teach it, and
- the formal assessment tasks for the term.

At the end of the term, there is a Big Idea section, with an explanation of one “Big Idea” in teaching reading.
3. Additional LTSM materials

All participating schools will receive additional learner and teacher support materials (LTSM) that are aligned to the Funda Wande lesson plans.

These include additional Vula Bula flash cards, an alphabet frieze, phonics word lists, DBE vocabulary posters, Big Books, Read Aloud books, a handwriting booklet and an assessment booklet.

4. The Funda Wande videos of master teachers

The Funda Wande videos contain short explanations of the “Big Ideas” for teaching reading. Each idea is explained by one of our three master teachers (Zaza, Permie and Ntsika), using videos of classroom teaching and discussion.

There is also a Funda Wande App!

Who are the Funda Wande coaches?

The Funda Wande coaches are all experienced isiXhosa home language Foundation Phase teachers who have been trained on how to teach reading for meaning. They have considerable experience coaching teachers at university and in classrooms across the Eastern Cape. They have been working closely with academics from Rhodes and other universities to develop the Funda Wande materials.

Is Funda Wande CAPS-compliant?

Yes. The Funda Wande programme aims to teach learners to read for meaning in their home language by the end of Grade 3. It was developed specifically for the South African curriculum and is 100% CAPS-compliant. The Eastern Cape Department of Education has approved the course and materials.

Do we get to keep the additional LTSM?

Yes. The additional Learner and Teacher Support Materials (LTSM) are for you and your classroom. Please take care of them.

**Lesson Plan Booklet**

The Funda Wande Lesson Plan Booklet for Term 1 contains two page lesson plans for the 10 weeks in Term 1. Each lesson plan shows which resource to use (the picture on the left), the preparation needed and a guide on how to teach using that resource.

They include details on Listening and Speaking, Shared Reading, Phonics, Handwriting, Writing and Vocabulary for each day of the week.
Group Guided Reading Booklet

The Funda Wande Group Guided Reading Booklet is a guide for your GGR lessons using the ECDOE Vula Bula Anthologies. It provides suggestions on what to focus on in each story and any preparation needed.

by the end of Term 2, you should have completed all 24 stories in the Vula Bula anthology with most of your learners.

Vula Bula Alphabet Frieze & Flash Cards

The Vula Bula Alphabet Frieze and Alphabet Words are colourful cards with pictures, letters and words that teach learners the letters of the alphabet and common words in isiXhosa.
DBE Vocabulary Posters

The 10 DBE Vocabulary Posters included in the box are for you to teach your learners new words each week. Grade 2 learners should be learning 25 new words per week! Use one poster per week in your teaching.

Storybooks for Reading Aloud

There are 10 storybooks that are included for your Reading Aloud (Listening and Speaking) lessons, one per week. Remember to ask questions before and after you read the story and to read with expression and gestures!
Vula Bula Big Books

There are 4 Vula Bula Big Books and each one contains 4 stories, so there are 16 Big Book stories. These are for your Shared Reading lessons. Most of the new vocabulary you will be teaching your learners will come from these Big Books.

Classroom Posters

There are five classroom posters included in your Funda Wande box. There are four Weekly Posters (Vocabulary, Writing Frames, High Frequency Words, Phonics) where you can stick up flash-cards as you use them during the week.

There is also a Story Elements poster which helps you to identify the main elements of a story when you are doing Shared Reading, Reading Aloud or Group Guided reading.

Baseline Assessment

The Funda Wande Baseline Assessment Booklet is there to help you at the beginning of the year to do a quick test with each learner in order to determine their reading levels and to place them in groups with other learners who are at a similar reading level.

This allows you to target your teaching to these learners’ needs. There are specific instructions on using the booklet in the inside of the front cover.
Big Idea 3: Using the Funda Wande lesson plans

Using the Funda Wande lesson plans

What is the purpose of the Funda Wande lesson plans?

The purpose of these lesson plans is to give teachers strategies to teach large classes of varied learning abilities, without leaving anyone behind.

What is in a lesson plan?

Each lesson has the following:

1. Resources for the lesson
2. Preparation for the lesson
3. Objectives of the lesson
4. Step-by-step guide
5. Formal Assessment Tasks (FATs) per learning area per term

What are the resources provided with the lesson plans?

1. Resources for the lesson
   - DBE posters
   - Flash cards
   - Read Aloud - Storybook
2. Shared Reading
   - Vula Bula Big Books
   - Flash cards
   - Story elements poster

What is special about the Funda Wande lesson plans?

1. In **Listening and Speaking**, we teach the following oral skills:
   - Debating
   - Interviews
   - Retelling
   - Reciting.

   We also provide opportunities for each learner to speak through a guided activity that involves pair talk and using sticks to give every learner a turn to talk.

2. In **Shared Reading**, we teach the following:
   - Grammar
   - Punctuation
   - Comprehension strategies.

3. In **Phonics**, we provide opportunities for a learner to identify and manipulate sounds.

4. In **Writing**, learners are given sufficient support to master the skill of writing through:
   - Shared Writing **(Modelled)**
   - Paired Writing **(Peer support)**
   - Independent Writing.

5. In **Handwriting**, we assist the teacher by providing the handwriting booklet for learners to have more practice.

6. In **Group Guided Reading**, we have compiled a Group Guided Reading booklet that explicitly shows:
   - How to conduct Baseline Assessment in preparation for GGR groups.
   - How to set up groups and a timetable for GGR.
   - How to establish GGR routines.
   - How to conduct GGR lessons using Vula Bula anthologies.
   - Lastly, how to use the rubric to assess reading in GGR.

What is the teacher’s role?

The role of the teacher is to:

- Familiarise herself with the structure of the lesson plans.
- Read the stories in advance and prepare open-ended questions.
- Cut out flash cards provided for each lesson.
- Try to stick to the lesson plan as much as possible.
- Enjoy your lessons and have fun with your learners!
Big Idea 4: Setting up your classroom

At the beginning of every year, it’s important in the first few weeks of school to set up your classroom to be an enabling environment for learning.

So, what’s an enabling environment for learning?

1. Building relationships with learners.
2. Organising your classroom.
3. Setting up routines.
4. Resources for a print-rich classroom.

Why is this important? If it is done well, then learners know that your classroom is a place for learning. Well-organised materials and learning resources on the walls also make your work as a teacher much easier. Positive relationships with learners from the start of the year and good routines help make sure that everyone knows what to do and everyone has fun learning.

Let’s look at these four elements of an enabling environment for learning:

1. Building relationships with your learners

At the beginning of the year, make a special effort to get to know learners’ names quickly, as this helps them feel special and helps you to manage your classroom. Really listen and create opportunities for learners to talk often and share their ideas.

2. Organising your classroom

Have a specific place in your classroom that is dedicated to reading and that allows learners sit with a book, such as a reading corner. Put posters up on the walls, and make sure your tables leave enough space for learners to move around the classroom and get to the resources and the different corners. Use all your spaces effectively and set up routines and rules that let learners know how and when they are allowed to use the various spaces.
3. Setting up routines

Set up and keep routines so that learners know what to do in class.

Children learn well when they know what is expected of them and when things will happen. Establish routines and systems that help learners follow the rules in class.

To teach any routine takes 3 easy steps:

1. **Explain the routine** (e.g. “We are going to clap a rhythm together!”).
2. **Rehearse it** (Practise clapping routine together).
3. **Reinforce it** (Use clapping routine every time you would like your learners to focus).

4. Print-rich classroom

A print-rich classroom is made up of resources such as books, posters, writing materials, games, and any other materials in your classroom, which stimulate learners when they look around the room. We have provided you with literacy resources in your Funda Wande box. You can also create additional resources to use in your classroom. For example, interesting objects, work from students, pictures from magazines and posters.

It helps to plan how you will use your resources every week. In your Funda Wande lesson plans, we highlight which resources you will need for literacy every week.

**Activity:**
We have gone over four elements to establish at the beginning of the year to set up your classroom for learning. Match the image with the statement in the activity below:

- **Relationships**
- **Reading corner**
- **Routines**
- **Print-rich classroom**

What is a Baseline Assessment?
A Baseline Assessment is a short test to find out what your learner’s reading level is. It is usually a one- to two- page test or a page from a book and is done one-on-one with each learner.

When do you do the Baseline Assessment?
You should do your Baseline Assessment at the start of the year so that you can place learners into their ability groups. Once you have assessed learner individually and recorded her or his level, you can place the learners into same-ability groups.

How long does the Baseline Assessment take?
A Baseline Assessment usually takes about six minutes per learner. In the first two weeks of the year, you should use your timetabled slot for Group Guided Reading to do your Baseline Assessment. There is usually time to assess five learners per day during the time set aside for Group Guided Reading (i.e. thirty minutes per day of Baseline Assessment for the first two weeks). You should complete your Baseline Assessment for all the learners in your class by the end of Week 2 of Term 1.

Why should you put learners in ability groups?
It is much easier to teach a group of learners when they are at roughly the same reading level. If learners are mixed they can get frustrated with each other and it will be difficult to teach the whole group the same thing.

How do you do a Baseline Assessment?
There are four main reasons why we do Baseline Assessments:
(1) To find out each learner’s reading level
(2) To put learners into ability groups for Group Guided Reading
(3) To make sure learners are reading books at the right level
(4) To monitor and record each learner’s progress in reading.

What do you assess in a Baseline Assessment in each grade?

Grade 1
Letters: At the start of Grade 1, most learners will not be able to read yet although they might know some letters of the alphabet (letter knowledge). Use the Grade 1 Baseline Assessment letters test and see how many letters they can read in one minute. Point to a letter and ask the learner to tell you the sound. On your mark sheet, mark it correct if the learner says the correct sound. Don’t correct them if they make a mistake, just move on to the next letter.

Sounds in words: Some learners will also be able to recognise the starting and ending sounds of words (phonemic awareness). To assess this, look at the sounds test in the Grade 1 Baseline Assessment booklet. Read out the word (‘biza’) and ask the learner if he or she can tell you the starting sound (/b/) and the ending sound (/a/). See how many of the ten sounds the learner can identify correctly.

Grade 2

Letters: At the start of Grade 2, most learners will know some or all the letters of the alphabet. Assess them using the letters test.

Double consonants: Learners will have also encountered double-consonant blends (/ng/), test the learners using the double consonant test. See how many each learner gets correct in one minute.

### How do I do a Baseline Assessment?

**Step 1: Planning your Baseline Assessment**

- Read the Guide to Baseline Assessment booklet, and make sure you know how to do the assessment for your grade.
- Make a list of the five learners you will assess each day in the week.
- Make sure the rest of the class has an activity to do while you are assessing the five learners individually.

**Step 2: Doing the Baseline Assessment**

- Introduce the class activity to the whole class.
- Call each learner to be assessed to your desk one by one.
- Follow the instructions in your Guide to Baseline Assessment booklet.
- Record each learner’s score.
- This should take about six minutes per learner.
Step 3: Using the results to put your learners into ability groups

- Using the scores, organise your learners into five groups.
- Choose a name for each group or let the learners choose their own name.
- Make a poster showing the names of learners in each group.
- Monitor each learner’s progress during the year and, if necessary, move them to a different ability group.

Watch each of these three videos of Zaza doing her Baseline Assessment with her Grade 3s at the start of the year.

Do you think these learners should be in the same group for Group Guided Reading? Why or Why not?

Big Idea 6: Introduction to Group Guided Reading

What is Group Guided Reading?

In Group Guided Reading (GGR) the teacher works with small groups of learners who have similar reading abilities. The teacher guides and supports learners to use different reading strategies while they read books at a level where they can mostly cope. We call this reading at the right level.

The teacher also gets learners to practise strategies that she has taught during Shared Reading.

- Small groups of similar ability
- Read books at the right level
- With the right level of support from the teacher

The purpose of GGR is to give the teacher a chance to hear each learner read and to assess what each learner needs in order to read better.

Resources

What do I need for Group Guided Reading?

- Vula Bula anthologies
- Funda Wande Group Guided Reading booklet
- Any other material at the level of the learners (e.g. poems, adverts, newspaper articles, etc.)
- Extra readers: any levelled readers or small books you might have at your school

The role of the teacher

Prepare activities for the rest of the class

Give clear instruction on how to do the activities. For example, you can provide learners time to practise in their Handwriting booklet or do exercises in their DBE workbooks.

Establish routines learners should follow during GGR

- Familiarise the learners with the GGR timetable.
- Set Group Guided Reading rules for the class.
- Model how to handle and look after books.
Reading strategies

The teacher focuses attention on particular reading strategies:

- **Comprehension strategies** (e.g. prior knowledge, visualisation, prediction, inferring, monitoring comprehension and summarising).
- **Word attack strategies** (e.g. decoding, segmentation, blending, and using a picture to explain the word).

**Listen**: Listen to each learner read
  - Model self-correction.
  - Allow peer correction.
  - Help where needed.
  - Record learners’ reading progress and give feedback.

5. Steps to follow during GGR lesson

  - Remind the learners of the GGR rules.
  - Communicate the focus of the GGR session.
  - Have a discussion about the cover of the book.
  - Read one to two lines, demonstrating fluency.
  - The teacher reads only for the purpose of demonstrating reading.
  - Allow decoding of text.
  - Let one learner read while others follow silently.
  - Ask each learner open-ended questions (e.g. comprehension questions *why* and *how*).
  - Close reading (ask learners about details and to read about the meaning of the story carefully).
